

Cheviot Value Management, LLC (“we,” “our,” or “us”) is registered with the Securities and Exchange Commission as an investment adviser. Brokerage and investment advisory services and fees differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/crs), which also provides educational materials about broker-dealers, investment advisers, and investing.

What investment services and advice can you provide me?

We offer Investment Management Services to retail investors such as you through the management of your separate account. As part of our standard services, we monitor each account on an ongoing basis, using our current model portfolio as a guide, and we typically furnish clients with portfolio appraisal reports on a quarterly basis. Our authority to manage a retail investor’s account is discretionary, which means that you authorize us to select the identity and amount of securities to be bought or sold, subject to stated investment objectives. For most retail investors, we generally limit purchases to publicly traded equity and debt securities and exchange-traded funds (“ETFs”). Our minimum account size ranges from \$400,000 to \$2 million depending on the Financial Advisor(s) responsible for managing the portfolio accounts and we generally combine family accounts to meet the minimum. Limitations on investments typically include limitations by plan sponsors, mutual fund selections of no-load or waived load funds, and any client-imposed limitations. We also offer Financial Planning Services, which focus primarily on retirement planning, retirement plan allocations and investments, and Budget Coaching Services, which assist the client with creating a personalized budget using a finance management software platform, and Insurance Consulting Services through an unaffiliated service provider.

Additional Information: Please also see Items 4, 7 and 13 of Form ADV, Part 2A.

Conversation Starters - Ask your financial professional:

- **Given my financial situation, should I choose an investment advisory service? Why or why not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?**

What fees will I pay?

For Investment Management Services, we charge a fee based on the total assets in your account, which is payable quarterly in arrears. This fee is calculated from a sliding fee schedule at an annual rate of 1.0% on the first \$5 million, 0.80% on the next \$5 million, 0.60% on the next \$5 million, and 0.50% on amounts over \$15 million in your account. The more assets there are in your account, the more you will pay in fees, and we may therefore have an incentive to encourage you to increase the assets in your account. Our fee does not include (and you will pay separately) any applicable charges imposed by custodians, brokers and other third parties such as brokerage commissions, transaction fees, custodial fees, wire transfer and electronic fund fees, and other fees and taxes on your account and on the securities transactions in your account. Money market funds, mutual funds, and ETFs also charge their own internal management fees. Financial Planning Services and Budget Coaching Services are complementary to our Investment Management Services clients with portfolios of \$500,000 or more. Otherwise, Financial Planning Services clients pay an hourly rate not to exceed \$700 per hour or a fixed fee not to exceed \$10,000, and Budget Coaching Services clients pay a fixed fee of \$900.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees

and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. *Please also see Item 5 of Form ADV, Part 2A.*

Conversation Starter - Ask your financial professional:

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Schwab Advisor Services (“Schwab”) makes an economic benefit available to us in the form of the support products and services they generally make available to independent investment advisers whose clients maintain their accounts at Schwab. These products and services, and the conflicts of interest they create if/when we utilize them, are described further in Item 12 of our Form ADV, Part 2A brochure. We do not base particular investment advice, such as buying particular securities for our clients, on the availability of Schwab’s products and services to us.

How do your financial professionals make money?

Our financial professionals are compensated based on the business they bring to the firm. Additionally, owners of the firm participate in company profits. Some of our financial professionals earn additional compensation from unaffiliated outside business activities. For more information regarding these activities, please refer to Item 10 of Form ADV, Part 2A and your financial professional’s Form ADV, Part 2B Supplement.

Do you or your financial professionals have legal or disciplinary history?

No, we do not. You may visit Investor.gov/CRS for a free and simple search tool to research us and our financial professionals.
